**DESCRIPTIONS**

*COLOMBO* – is the business and commercial center and the new capital is Sri Jayawardhanapura Kotte, only a few miles away. Colombo was only a small seaport, which came into prominence in the 16th Century with the arrival of the Portuguese in 1505 and the development of it as a major Harbour took place during the British period. Colombo became the capital of Sri Lanka in 1815 after Kandyan Kingdom was ceded to the British. The remains of the buildings during the period of the Portuguese, Dutch and British rule are found in every area of the city. None of the Portuguese & Dutch fortifications are found today but some of their buildings and churches could be seen in the Fort & Pettah areas. Visit Fort, the former British administrative center and military garrison, Sea Street - the Goldsmith's quarters in the heart of Pettah, the Bazaar area where there is also a Hindu Temple with elaborate stone carvings, the Kayman's Gate with the Belfry at the original gate to enter the Fort, the Dutch Church of Wolfendhaal dating back to 1749, Also visit the BMICH (Bandaranaike Memorial International Conference Hall) & see the replica of Avukana Buddha in front and the Independence Memorial.

*PINNAWELA ELEPHANT ORPHANAGE*- off the Colombo - Kandy road is Pinnawela, where an orphanage was started in 1975 to house the abandoned and the wounded elephants. The number of elephants has increased to more than 65 now; including Baby Elephants brought from various parts, as well as some of the more then 25 babies born, as a result of the captive breeding programme. The best time to visit is the feeding times and the bathing times when all the elephants are taken to the river close by

*KANDY* – the hill capital is another "World Heritage Site". It was the last stronghold of the Sinhalese Kings during the Portuguese, Dutch and British rule and finally ceded to the British in 1815 after an agreement. To the Buddhists of Sri Lanka and the World, Kandy is one of the most sacred sites as it is the home of the "Dalada Maligawa" - Temple of the Sacred Tooth Relic of Lord Buddha. Close by are the remains of the Royal Palace ("Maha Wasala"), "Palle Wasala"- where the Queens stayed-now used for the National Museum, "Meda Wasala" where other close relatives lived, Audience Hall, Natha Devala and Vishnu Devala are situate d close by. The Bathing Pavilion ("Ulpenge") is by the Lake and in the Center of the lake is the Island called "Kiri Samudraya" (Milk white ocean) used by the kings as the summerhouse. Today it is the center of Buddhism, Arts, Crafts, Dancing, Music and Culture. Visitors can see these Dance & Music at the daily Cultural Performances held at several places in the city

Royal Botanical Gardens - Peradeniya - 147 acres in extent; Started in 1374 as a pleasure garden of the Kings of Gampola and Kandy. There are more than 5,000 species of trees, plants and creepers. Some rare and endemic as well as flora from the tropical world are found in the gardens. Spice Garden and Orchid House are popular with tourists. There are 5 Palm Avenues beautifying the gardens, the earliest and tallest Palm Avenue (Royal Palm Avenue) was planted in 1905 and the Double Coconuts from the Seashells Island, with the largest seed of all plants in the world is one such avenue.

*SPICE GARDENS*- For centuries, spices have been one of Sri Lanka's most celebrated exports and are used for medicines and cosmetics as well as to flavour foods. We will sample scents and flavours such as cinnamon, ginger, pepper, vanilla and cardamom. Batik is the ancient art of mixing colours using wax as the main component and Sri Lanka is one of the world's leading exponents. Examples range from simple, single coloured designs to multi-coloured masterpieces

*TEA PLANTATIONS* - Tea was first planted in Sri Lanka in 1824 at the Botanical Gardens at Peradeniya, when a few plants were brought from China. More were introduced from Assam in 1839. In 1867, a Scottish Planter named James Taylor planted tea seedlings in an 8 hectares of forestland, in the Loolkondura Estate. In 1873, the tea export industry of Sri Lanka began with a modest 23 lbs. being shipped to London. Tea will grow only on rolling terrain and is classified by elevation into low grown, medium grown and high grown into 3 main groups. Today more than 200,000 hectares in highlands and other areas are under Tea and around 300 million Kilograms, with a 25% of world tea exports are done by Sri Lanka as the World's largest Tea exporter

*SIGIRIYA* – is a "World Heritage Site" and the 5th Century "Fortress in the Sky" which is perhaps the most fantastic single wonder of the Island. It is also known as Lion Rock because of the huge lion that used to stand at the entrance to the Palace on the summit of the 600-foot high rock. On its summit are the foundations of the Royal P alace, Water Tanks to supply water and all other buildings and at the edges the guardhouses. On one of the stairways the only known ancient work of Sinhala secular painting survived in the form of Frescoes of 21 life sized damsels still shining in their original colours. The Water Gardens, Fountain Garden, Summerhouses, Boulder Gardens and the Caves within the enclosed area should not be missed

*DAMBULLA CAVE TEMPLES* - is a vast isolated rock mass 500 feet high and a mile around the base. Here is found the famous Rock Temple dating to the First Century B.C. The caves of Dambulla sheltered King Walagamba during his 14 years of exile from Anuradhapura. When he regained the throne he built the most magnificent of Rock Temples to be found in the Island. In the first Cave is a recumbent image of the Buddha 47ft long cut out of the Rock. There are images of deities associated with Buddhism all around. The frescoes on the walls and the ceiling are the oldest here but they are over painted in the Kandy period

*KOSGODA TURTLE HATCHERY -* Where you can see five species of turtles-Green Turtles (Chelonia mydas), Hawksbill Turtle (Eretmochelys imbricata), Loggerhead Turtle (Caretta caretta), Leatherback Turtle (Dermochelys coriacea) and Olive Ridley Turtle (Lepidochelys olivacea). The eggs collected by the Villagers and Fishermen are purchased by the Kosgoda Hatchery and kept in sandy pens until they are hatched. The newly hatched ones are kept in seawater tanks and released to the sea in the night. This Hatchery alone has released more then 1,750,000 young turtles to the sea. An endowment by the Hasselblad Estate was responsible for the establishment of this hatchery.

*BOAT RIDE - MADU GANGA RIVER* is a shallow water body in south-west Sri Lanka, which enters the sea at Balapitiya. Together with the smaller Randombe Lake, to which it is connected by two narrow channels, it forms the Madu Ganga wetland. Its estuary and the many mangrove islets on it constitute a complex coastal wetland ecosystem. In has high ecological, biological and aesthetic significance, being home to 303 species of plants belonging to 95 families and to 248 species of vertebrate animals. Madu Ganga is possibly one of the last remaining tracts of pristine mangrove forests in Sri Lanka. The inhabitants of its islets produce peeled cinnamon and cinnamon oil. The Madu Ganga Wetland was declared in 2003, in terms of the Ramsar Convention.

*GALLE* - Sri Lanka's most historically interesting town is Galle. It was a major port until about 100 years, but today still handles shipping and sailing boats in the natural harbour. Stroll around the lighthouse and harbour or visit the old town where you can see the traditional lace makers and wood carvers and purchase some the finest souvenirs. The Dutch Fort - Galle - The South Coast's major city is Galle, whose oldest landmark is the massive Portuguese and Dutch Fort which is a "World Heritage Site" in which the central city is contained. But the city may be much older. Some scholars believe it to be the "Tarshish" of the Old Testament, to which King Solomon sent his merchant vessels, and to which Jonah fled from the Lord. Today, the 90-acre Galle Fort shows no evidence of the Portuguese founders. The Dutch incorporated the Portuguese northern wall in a great rampart in 1663. A second, taller wall was built inside of it. Between the two walls, a covered passage connected the central bastion with the Fort's two half bastions overlooking the sea. The Dutch also installed a sophisticated drainage system, complete with brick-lined underground sewers that were flushed twice a day by the high and low tides. The original gate to the fort was by the harbour. It is still there, marked by the British Coat-of-arms on the front and the Dutch V.O.C. (Vereenigde Oost Indische Compagnie) with the Coat-of-arms with a rooster crest, on the inner side of the Fort

POLONNARUWA – is another "World Heritage Site" was the Capital of Sri Lanka from 11th - 13th Centuries, contains some splendid and spectacular statues. Lankatilake, Tivanka and Thuparama are the most beautiful and largest Image Houses and Tivanka has the best examples of frescoes of the Polonnaruwa period. Rankoth Vehera and Kirivehera are well preserved large stupas, and Gal Vihare - a rock shrine, has four Buddha statues, two seated, one standing and one reclining and Parakrama Bahu statue are examples of Sinhalese stone carver. The Vata-da-ge is a unique creation of the Sri Lankan artists.The medieval capital, Polonnaruwa was fortified with inner & outer moats and inner & outer

walls. The Parakrama Samudra is on the western side of the city. The Royal Palace, Audience Hall and other buildings in the inner city were enclosed by another tall wall.

**Yala (Ruhuna) National Park**- the Ruhunu National Park covers 126,786 hectares Including the Strict Natural Reserve (Block II). The most familiar is Block I (14,101 hectares) and these blocks were established in 1938. Yala is famous for its big herds and large number of Elephants, Leopards, Spotted Deer, Sambhur, Crocodiles, Mongoose, Wild Boar, Wild Buffalo, and many other animals. More than 130 bird species are recorded which includes the resident and winter visitors. There are 7 Bungalows inside the Park with few Camp Sites.

**WHAT TO WEAR**

Most travelers tend to bring too many clothes in general, and too many thick clothes in particular. In the heat and humidity of the lowlands, cotton and light natural fabrics such as linen are ideal for women during the day. However, remember that Sri Lanka is a conservative culture, so skimpy skirts and brief shorts are not considered respectable. During the evening it is advisable to wear lightweight long sleeved tops and trousers to provide some protection against mosquitoes. Women should pack a long dress or skirt and long-sleeved blouse for visiting places of worship.
